Subject: Re: Supreme Fireplaces Inc.: 38ST_D 30 Day Notice
Attachments: ATT00001.txt

Hi Rafael,

Due to the situation with the COVID-19 pandemic, Polystests Services Inc. were mandated by the Premier of Quebec to cease operations for the week of the 6th of April 2020. This unfortunately coincided with official EPA testing of the Foyers Supreme Inc. 38ST_D wood heater model. Danick from Polystests Services Inc. has informed me that we could reschedule official testing on the week of the 20th of April 2020.

Therefore, please find attached a revised test notice for the 38ST_D Supreme Fireplace Inc. model; testing is scheduled for the week of April 20th, 2020. Testing will be performed by Polystests Services Inc., with PFS-TECO as the Third-Party Certifier. Please let me know if you have any questions.

Sincerely,

Alexander Marcakis
